### Depression

Tuesday 24 April 2018 Southend on Sea

Event ID: 47819

7.30pm to 9.00pm

Thursday 10 May 2018 Harlow

Event ID: 47508

7.30pm to 9.00pm

This programme is designed to help you consider the burden of depression and the impact it has on people and those around them. It focuses on the risks and benefits of antidepressant treatment and helps you identify how to support people in optimising the use of their medicines.

### #CPPEdepression

#### Substance use and misuse

Thursday 26 April 2018

7.30pm to 9.30pm

Colchester

Event ID: 47440

This workshop helps you meet core competencies for providing substance misuse services. Anna Trudgian from Open Road will be taking you through the local picture with regards to substance misuse, and help you feel more confident in providing harm reduction advice to clients.

### #CPPEdepression

#### Hypertension and prevention of CVD

Thursday 21 June 2018

9.30am to 4.30pm

Stansted

Event ID: 47650

This study day supports pharmacy professionals working in GP practices to optimise medicines and reduce modifiable risk factors for cardiovascular disease (CVD) for patients at high risk of CVD, and those with established CVD.

### #CPPEcardio

#### Clinical assessment skills and history-taking

Thursday 3 May 2018

9.30am to 4.30pm

Stansted

Event ID: 47664

This study day introduces patient history-taking and clinical assessment skills for pharmacy professionals working in general practice. During the study day you will have the opportunity to practise and have your skills assessed by peers and clinical tutors.

### #CPPEclinicalskills

#### Patient safety

Wednesday 12 September 2018

7.30pm to 9.15pm

Chelmsford

Event ID: 47506

Using an anticoagulation case study for illustration purposes, this programme provides you with background knowledge on patient safety and risk management. This will help you effectively respond to and manage patient safety incidents.
