Stop Smoking Update Training for Advisors

We understand several Stop Smoking Advisors in Essex have expressed an interest in attending Stop Smoking Update Training. Therefore we are arranging the following sessions:

Tuesday 17th April - 2pm to 5pm in Braintree

Wednesday 18th April - 9am to 12 in Clacton-on-Sea

Monday 23rd April – 2pm to 5pm in Brentwood

Tuesday 24th April - 9am to 12 in Rayleigh

Thursday 26th April – 2pm to 5pm in Loughton

Lisa Lovell will be facilitating these sessions and will cover an overview of the Stop Smoking Service, the use of PharmOutcomes and she is also more than happy to cover any specific areas you may have difficulties with/require clarity on. The aim of the sessions will be very interactive so that Advisors get the maximum out of the training.

Please can you let me know who from your team would like to attend 1 of the above training sessions and whether there are any specific areas that Lisa can also include.

E-mail office@hlpa.co.uk with names and details as soon as possible so venues and final arrangements can be confirmed.

Details have already been sent via e-mail, fax and PharmOutcomes
